DETAILED ACTION

Information Disclosure Statement

This supplemental Notice of Allowability accompanies a copy of the initialed PTO-1449 submitted in the Information Disclosure Statement submitted with the application on October 22, 1999.

Allowable Subject Matter

Claims 1-14, 16-20, 24-30 are allowed.

The following is an examiner's statement of reasons for allowance: This supplemental allowance accompanies a new copy of the initialed PTO-1449. It is appears that these references were considered and the original initialed copy has been lost during the conversion from the paper file to the electronic version. Note the first non-final office action (paper no. 16), which refers to several PTO-1449 papers nos. 8-11, which accompanied the original office action. Note also paper dated 10/22/1999 which shows that the IDS was filed in duplicate. It is likely the originally signed PTO-1449 was lost with the foreign prior art, and that applicant's duplicate unsigned PTO-1449 was the only copy retained in the file.

Regardless, the examiner has reviewed all the references in this IDS and confirmed the allowability of the claims. The pertinent references were applied by the examiner in the office actions. The remaining references are cumulative to the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
